

Where does your milk really come from?

7.00pm Thursday 17th January 2019

Community Centre, Laburnum Walk, Stonehouse GL10 2NS

- Are you concerned about the stories you hear about milk production on farms?
- Have you fallen out of love with milk?
- Would you like to understand how the choices you make impact on local dairy farmers and their cows?

The dairy farming landscape around us is changing dramatically and the milk you buy often comes from farms very different to those you see on the label.

Come and join us to find out how **Free Range Dairy Network CIC** is working to keep cows in fields where they belong and help local family farms to win the recognition and reward they deserve.
