The Chair, John Perkin gave an update on the decisions made by the funding group in respect of the grant applications. UBB would be writing to all applicants to advise of the outcome of the grant application

**Resolved; to note the report**

### **106/19 Parish Councillor and Lead Member Report**

Cllr Darren Morris gave a report on discussions that had taken place about setting up a Neighbourhood Watch Scheme for Hunts Grove. There had been incidents of anti-social behaviour and the Police had been involved in seeking to respond to the issues.

The Hunts Grove Residents Association had requested that the Parish Council cover the cost of hiring a meeting room for their regular meetings. A room at the School had been offered to them. The Parish Council agreed to cover the cost of a room hire for meetings at the Village Hall.

Cllr Graham Brearley raised concern about the road near to Puddleducks where the edge of the carriageway was eroding. It was noted that the County Council had planned some resurfacing works for Church Lane but it was unclear if this included erosion. The Clerk agreed to confirm with GCC.

Graham commented on the poor maintenance of the ditches along the lanes and suggested that the matter be raised with the County Council to encourage a planned maintenance programme.

Cllr Demelza Turner-Wilkes gave a report of the meetings of the Stroud and District Road Safety Partnership. The main topics for discussion had been around speeding traffic and consideration was being given to a district wide TRO to address speeding.

There had been discussions also about establishing community speed watch groups which would undertake speed surveys in conjunction with the PCSOs and where appropriate make visits to repeat offenders who regularly exceeded speed limits. It was noted that the provision of a hand held speed recording equipment would cost around £250.

Members agreed that setting up a Hardwicke Speed watch group would be a positive way forward.

The Chair, Cllr John Perkin reported on the ceremony for the Hardwicke Army Cadets and the discussion with the leaders on providing a suitable base for them.

It was agreed to approach the cadet force to explore what support would be needed by the Parish Council to maintain a presence for them in Hardwicke.

**Resolved; to note the reports and to follow up on the actions identified**

### **107/19 Hardwicke Youth Forum**

Five members of Hardwicke Youth Forum along with Jemma Grieve and Steve Miles from SDC joined the meeting to give a presentation of the group's findings from their consultation exercise.

The survey covered areas such as; how safe young people felt in Hardwicke and what contributed to not feeling safe, how young people spent their spare time and what activities would they like to see provided. The survey also asked about attitudes to providing a youth club and how it should be run and range of facilities available.

The results showed that around 41% of respondents did not always feel safe with concerns around groups of people and gangs gathering together, poor lighting in alley ways and parks. There was also concern about drug dealing, smoking and drinking.

The range of activities that young people identified a need for were; a wide range of sports, youth club/meeting place, movie nights, music systems and access to Wi-Fi

Parish Councillors expressed their thanks for a very professional presentation and consultation exercise. Members were supportive of taking forward a number of the areas identified and agreed to set up a joint working group to see how to deliver on some of the activities.

Resolved; to set up a joint working group with SDC and members of the Youth Forum

**Meeting Closed at 21.00**
